

November 27, 2001, during a change to a different set of sprockets, we noticed the chain had fallen off this idler sprocket. It must have been this way for some time.

Dirt from sprocket wear

Use Microsoft Word  
Import .jpg file  
Use Drawing toolbar  
(Pulldown the View)  
Use AutoShapes, then  
"Callouts", then pick one.  
Use little yellow diamond  
to move the pointer.  
Save the file as a .doc  
...Jack, Dec 4, 2001  
(Thanks Ken)
